SOCKS & SHIN GUARDS

Safety and comfort. Socks ensure perfect support and at the same time heat up the muscles. Whereas our shin guards impress with extremely sturdy, light materials and an innovative design. With or without ankle protection, every design offers optimum protection against one-on-one impact. An indispensable quality for modern football!

TUBE SOCKS

The focus was mainly on one thing in the innovative further development of the football socks: the individual wearing comfort. This is ensured by the simple combination with the matching training socks. In the deliberately simple design, the tube socks on the pitch also match classic socks and your team.

Put on training socks and shin guards, then pull the training socks over it.
